## meet GALA

"When colours matter!"  
I repeat this with every  
one of my works...

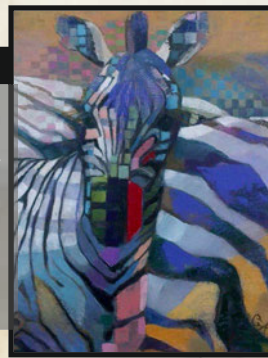

Brushes are not my favorite tool. Instead of  
brushes, on my paintings you will find the traces  
of my pallet knife.

## my ANIMAL PLANET

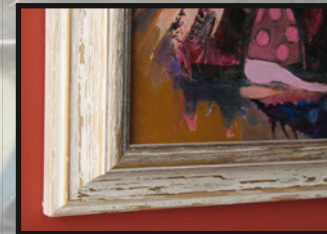

Animals are the beauty of the Mother  
Nature. They are with us from the very  
beginning of the Human history, moreover,  
the animals often are charged by us with  
sensations, love and metaphors of our  
behavior.

The challenge is, to get them out of the  
reality and to present them to you in my  
multi color style.

## The quality

Why do I show backside photos of my works?  
I confirm! On my paintings, you will find only  
high quality frames, paints and canvas.  
I do not use any printing technique. Every one  
my work is hand painted and signed by me,  
Gala!

## GALA in gallery

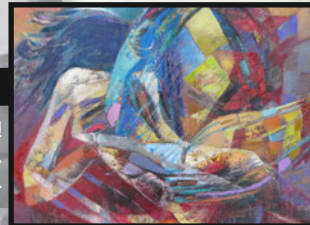

GALAS ART Gallery has been opened  
since the beginning of 2013.  
We search, support and sometimes  
create new and unusual ways to  
popularize the Art.

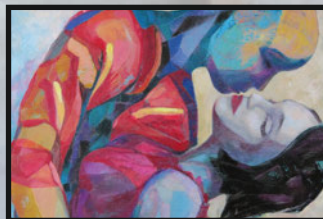

We are conveniently located in Stara Zagora, a city in the middle of  
Southern Bulgaria, an hour-and-a-half away from popular sea or ski  
resorts, but also, from the hidden secrets of Bulgarian mountains  
and castles, where the legends are still alive.

## FEELINGS, sensation on love

LOVE is all around us!  
I do not paint beautiful pictures,  
I paint my feelings.

Remember our  
summer... the beach,  
the Sea , the Love

## Let's do charity!

Together with my husband, we  
launched a web site for art  
contests for kids.

At [www.ARTCONTESTOR.com](http://www.ARTCONTESTOR.com),  
kids find a place to compete and  
to express their art skills and  
talent. Something more, in our  
gallery, we sell the works of the  
winners and the amount is being  
donated to charitable causes,  
helping kids in need.

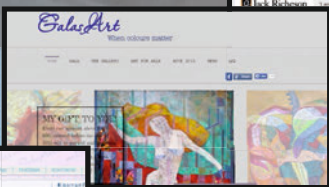

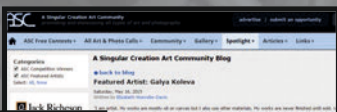

We have supported  
already a local hospice for  
abandoned kids, as well  
as, an young talented  
musician, who sings but  
also incredibly looks like the  
American pop idol Prince.  
That is how we implement  
the social responsibility to  
our local community.

## GALA in the web clouds

I love the Internet and its clouds.  
Online, you can find my works at  
[ARTFINDER.com](http://ARTFINDER.com), [SAATCHIART.com](http://SAATCHIART.com)  
and on [FineArtAmerica.com](http://FineArtAmerica.com).

My style was recognized by the American  
art community website  
[www.ASINGULARCREATION.com](http://www.ASINGULARCREATION.com). In May,  
2015, I was presented there as a Featured  
Artist.
